CLASS POLICIES AND PROCEDURES

Students hair should be up in a ponytail or bun. Do not wear jewelry, hair bows with metal hardware or bobby pins. Leotard or fitted clothing is best for learning skills correctly and for the spotting of skills.

Class instruction is 50 min long, students may use the 10 min after their scheduled class time to practice, show parents what they learned in class or play. Students coming in for class will need to wait in the waiting room for their scheduled class time and will have their 10 min. free time at the end of scheduled class time.

Parents please use the 10 min between classes to ask questions and make payments so that H&H instructors can give their undivided attention to the class for the full 50 min. For safety reasons please do not enter the instruction area during class time.

Children under 6 will progress faster if Parents are not visible. Please do not help the instructors teach, there are progressions that gymnastics follows to ensure that skill are done safe and with correct technique. A student cannot perfect every element of a skill in one class. We will spot skill and allow students to practice skills without a spotter, this is important for the student to get stronger and trust in oneself

A 30 day is required when dropping from our roster and remove student from the billing cycle.
